ZIP™ BACK & CUSHION

- ≡ Clinical seating, designed for Zippie kids!

Jay Zip Backrest and Cushion
shown on Zippie Zone chair.

JAY® ZIP™ CUSHION & BACK

The JAY Zip cushion and backrest were designed through the use of anthropometric data so they are specially sized to meet a pediatric client's unique needs. The Zip cushion is a dual layered contoured foam base that provides skin protection and positioning in a comfortable, effective and convenient package. The Zip backrest is an ultra lightweight, antimicrobial backrest that features X-static™ and Aquaguard™ cover technologies as well as adjustable, one step release hardware to accommodate a wide range of mounting locations and user presentations.

Jay Zip Back

Versatile One Step Release Hardware

- Easy one step release
- Fits on wide range of tubing: 3/4" with inserts, 7/8" with inserts or 1" without inserts
- One tool adjustments

One step release

Jay Zip Cushion

Comfortable

- Dual layered contoured foam base
- Reticulated foam in the outer cover promotes air movement
- Soft and stretchable outer cover (also available in pink and blue - option)

Dual layered foam base

Convenient and Antimicrobial

Outer cover:

- Silver impregnated X-static® stretch fabric naturally inhibits bacterial growth
- Extra layer of microclimatic spacer fabric for comfort
- Machine washable and quick to dry
- Two outer covers included (cushion only)
- Safe non-toxic material

Inner cover:

- Easy to wipe off
- Aquaguard™ zipper resists moisture
- Anti-wicking seam thread protects foam base

Outer and inner covers
