Model Affected: Quickie active manual wheelchairs

Effective Date: Immediate effect | **Serial No. Effective From:** N/A

Bulletin Subject: New Ultremo ZX tyres replace Speedruns

Description of Improvement:

As part of Sunrise Medical's commitment to ongoing product development the Speedrun tyres on most manual wheelchair order forms will now be replaced by the Schwalbe Ultremo ZX tyres. This will provide a higher performing tyre choice at no additional cost. The new Ultremo ZX tyres are listed at the same price as the Speedruns on both the order forms and spares price list.

Key Benefits of the Ultremo ZX tyre:

- Uses a better rubber compound offering more grip whilst still offering a slick tread.
- Is around 150g lighter per wheel for easier loading.
- Incorporates a rubber lining down the centre of the tread adding a little puncture resistance.
- Provides a high pressure tyre for ultimate rolling efficiency.

Schwalbe Speedrun (discontinued)

NEW Schwalbe Ultremo ZX
