<b>Effective Date:</b>	September 2018	<b>Serial No. Effective From:</b>	
<b>Bulletin Subject:</b>	Sterling S400 New Stocking Location		

### Description:

At Sunrise Medical we always aim to provide the best possible service to both our dealers and their customers. One of the ways we do this is by frequently reviewing any overdue deliveries. Recently we have seen an unprecedented demand for both the Sterling S425 & S700 and because of this we have unfortunately stocked out on these items.

Therefore, we have reviewed the options available to reduce the possibility of this happening and we have decided to increase our UK stock holdings of these products (S425 & S700). As a result of this, we have had to move the stock of the S400 to our European Distribution Centre which means the lead time for the S400 will increase to 5 working days once the order has been received.
