Expertly Curated Colors, Chosen by You!

Setting a New Bar for Self-Expression

40 years ago, color choice changed the wheelchair industry. It's time to change the industry again by offering not just a variety of colors, but the **right colors** – colors **designed to coordinate** so your chair is just as much an expression of your personality as the clothes you wear. When your chair is a perfect fit, your colors should be, too.

Versatile, Modern, Coordinated

Say goodbye to outdated looks. Our entirely **re-imagined** color palette offers more than modern, on-trend hues. Each color is carefully and professionally designed to coordinate with other colors on your chair or clothing. Plus, the holistically coordinated palette can be combined to create completely different and unique looks.

This new palette is modern and versatile, fitting styles of all ages– bold or sophisticated, outdoorsy or professional. We have offerings for the serious, the playful, and everyone in between. Whether you're a longtime fan or discovering QUICKIE/ZIPPIE for the first time, experience the bold new looks that turn heads and set trends. Upgrade your style.

We Care About You. We Care About the Environment.

We didn't stop at great style choices. Our shades were selected with the environment in mind. These colors reduce waste and energy used, bringing you both stylish and responsible choices, for a greener future.
