

EXIGO 20

Allround wheelchair

Well equipped in standard version

The Exigo 20 is a very well equipped cross frame wheelchair. Its intuitive and simple adjustments, superb sitting comfort and high quality ensure that Exigo 20 satisfies requirements for both ease of maintenance and re-use. Most of the wide range of accessories available are compatible with the rest of Sunrise Medical's wheelchair range.

Well equipped in standard version

- Easy and simple to adjust. Easy to use for the end user as well as the caretakers
- Easy to wheel
- Good sitting comfort with a thick padded back
- Compatible with Sunrise Medical family accessories
- High quality satisfies requirements for both ease of maintenance and re-use

Stability

A stable frame is important to achieve good rolling characteristics, both when turning and when rolling forwards. The unique frame construction ensures maximum stability.

Transfer

Easy transfer is a key factor for a successful wheelchair. The Exigo is equipped with flip-up, detachable armrests as well as leg supports which can be swung out and removed.

User stability and comfortable seating

Strong and stable bushing contributes to improved directional stability and makes the chair easier to roll.

Individual fittings

In order to meet the needs of each user the Exigo 20 can be adjusted in numerous ways in its standard configuration, and a wide range of accessories is also available.
