INNOVATE.
BUILD FOR THE FUTURE

This product is manufactured to comply with the Medical Device Directive 93/42/EEC.

Use of Illustrations & Text:

The illustrations and accompanying text set out in this document are the property of Sunrise Medical Limited and must not be copied or used for manufacturing, tendering or any other purpose without written consent from Sunrise Medical.

Ordering:

Item numbers shown as N/A are for reference purposes only and should not be used when ordering replacement parts. Always quote the correct serial number and part number.

Quality Management Systems:

Sunrise Medical Limited is accredited to ISO 9001: 2008, which is the internationally recognised standard for quality management systems, as well as ISO 13485: 2012, which specially governs Medical Devices. These approvals ensure that we provide quality in all areas of our business from development through to final delivery.

Parts Disclaimer:

It is potentially hazardous to fit or use any parts other than genuine Sunrise Medical parts. The company disclaims all liability for the consequences of such use, which in addition voids the product warranty.

This product is for the carriage of one person and must not under any circumstances be used for any other purpose.

-	843831311	Wheelchair length-extension kit, complete. With rear frame parts. In addition, two new rear frame parts will be delivered.	used with wheelchairs manufactured until week 11/2012)

Wheelchair width-/ length expansion kit (until week 11/2012)

Pos	Item number	Description	Comment
-	843831410	Wheelchair width and length extension kit, complete for standard back sling, without frame parts	used with wheelchairs manufactured until week 11/2012)
-	843831411	Wheelchair width and length extension kit, complete for standard back sling. With rear frame parts. In addition, two new long, rear frame parts will be delivered.	used with wheelchairs manufactured until week 11/2012)
-	843831510	Wheelchair width and length extension kit, complete for adjustable back sling, without frame parts	used with wheelchairs manufactured until week 11/2012)
-	843831511	Wheelchair width and length extension kit, complete for adjustable back sling. With rear frame parts. In addition, two new long, rear frame parts will be delivered.	used with wheelchairs manufactured until week 11/2012)

The seat depth of the "YOUNGSTER 3" are defined by two different frame tubes (see also Frame assembly)

Frame tube, rear, short: for seat depth 24 cm to 30 cm

Frame tube, rear, long: for seat depth 30 cm to 40 cm

These extension kits are used for extensions within seat depth range of 24 to 30cm or 30 to 40 cm.

The following data are necessary to order an extension kit:

Current seat width in cm

Current seat depth in cm

Current backrest height in cm

Footboard (e.g. divided or continuous)

Frame colour

Upholstery colour

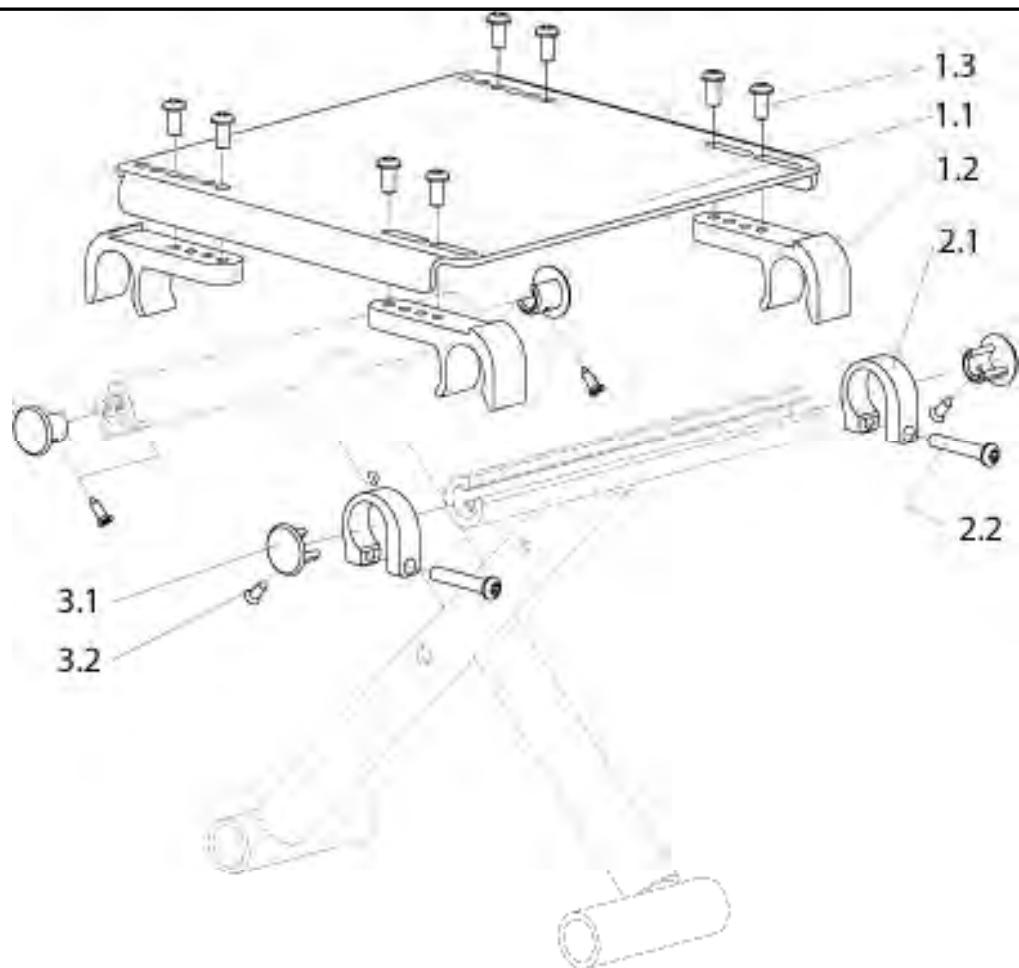

Type of Cross-brace

It's also important to know to which new **seat width** and **seat depth** the wheelchair should be extended to.

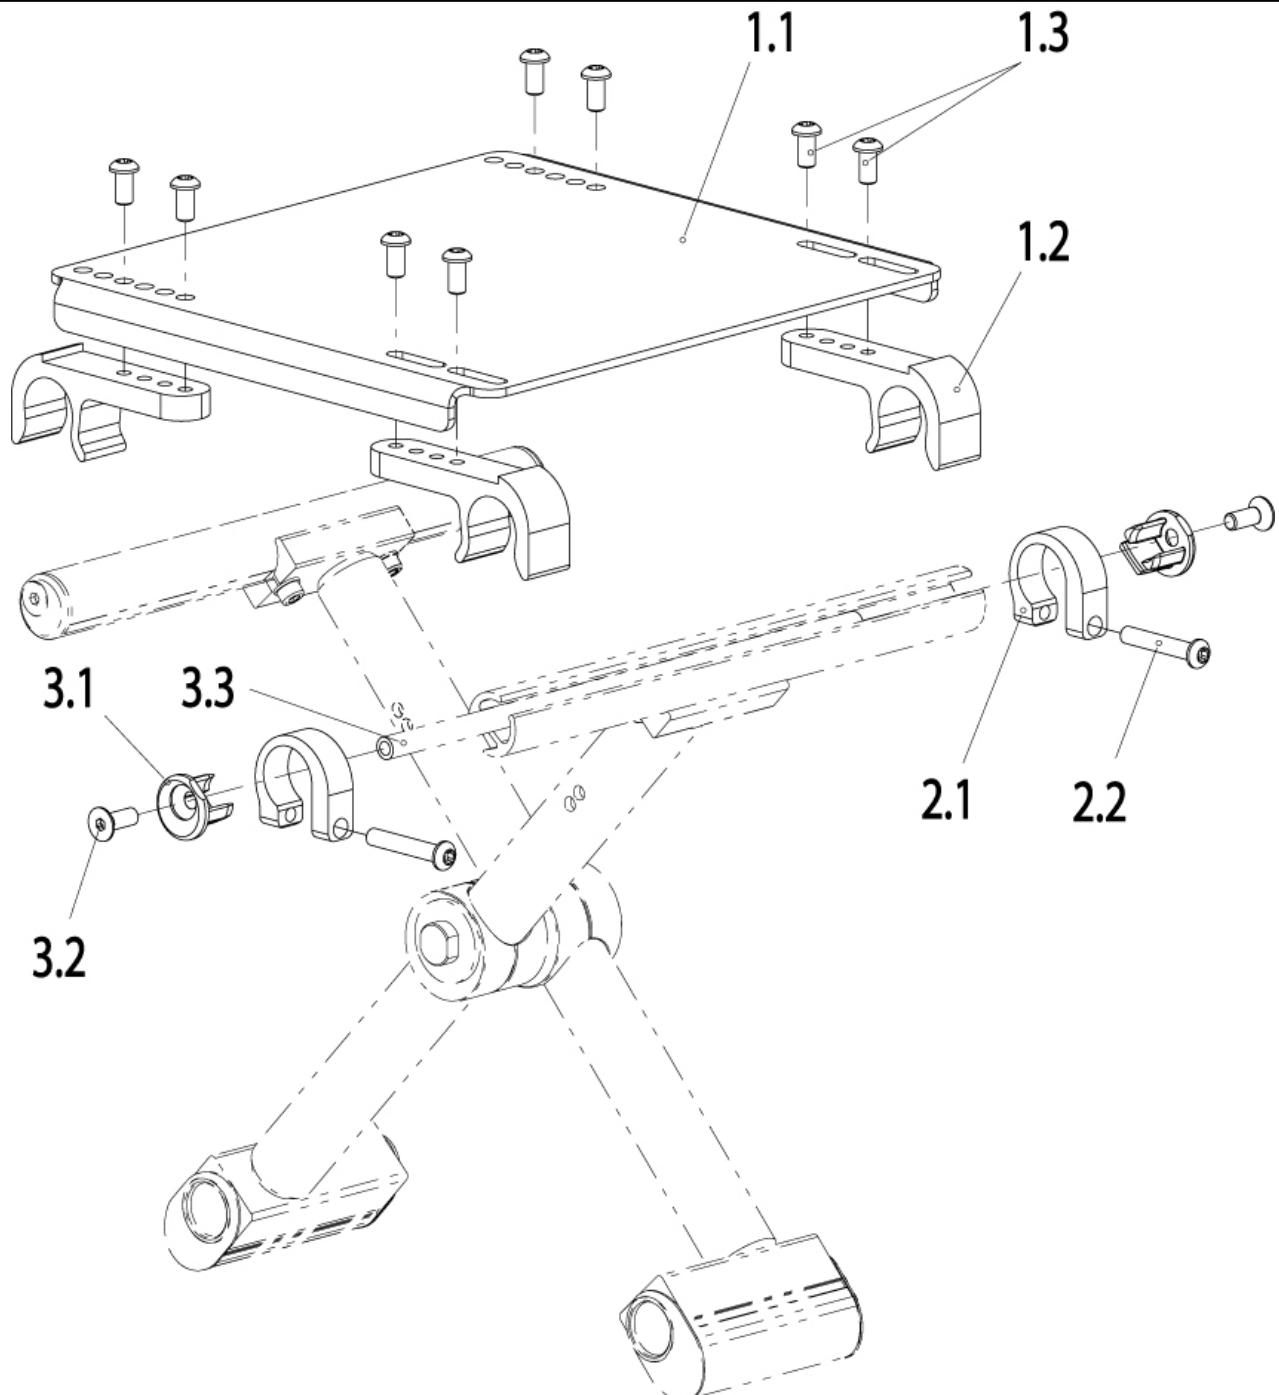

PLEASE NOTE:

Seat- and Backslings are customized manufactured and excluded from replacements!

Seat plate used with seat shell (until week 11/2012)
