

JAY Zip Cushion

A comfortable, clinically effective cushion designed uniquely for kids.

The JAY Zip cushion was designed through the use of anthropometric data so they are specially sized to meet a pediatric client's unique needs. It is a dual layered contoured foam base that provides high skin protection and mild positioning in a comfortable, effective and convenient cushion.

Comfortable

- Dual layered contoured foam base
- 3DX™ fabric spacer in the outer cover promotes air movement
- Soft and stretchable outer cover (also available in pink and blue)

Convenient & Antimicrobial

Outer Cover

- Machine washable and quick to dry
- Silver impregnated Ionic+™ stretch fabric naturally inhibits bacterial growth
- Extra layer of microclimatic spacer fabric for comfort
- Safe non-toxic material

Inner Cover

- Easy to wipe off
- Aquaguard™ zipper resists moisture
- Anti-wicking seam thread protects foam base

Outer and inner cover

Dual layered contoured foam base

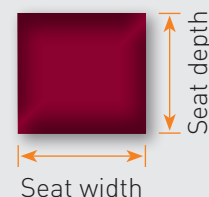

Easy washing and cleaning
