

SEDEO PRO

HIGHLY ADJUSTABLE AND CONFIGURABLE SEATING

SEDEO PRO SEATING SYSTEM

**GOOD SEATING STARTS WITH THE PERSONAL NEEDS OF THE CLIENT.
ERGONOMIC SEATING IS THE BASIS OF AN OPTIMAL MOBILITY SOLUTION.**

It is all about creating a seating posture which makes it possible to achieve your goals and aspirations.

All of this is fully reflected in our new SEDEO PRO seating system. For moderate to complex clinical needs, the seating system combines a highly adjustable seat frame with an excellent choice of postural support options, including a wide range of:

- Seat & Backrests cushions
- Legrests & Knee support pads
- Armrests, Side Guards & Thoracic Lateral Supports
- Headrests

For the first time both JAY™ and WHITMYER™ are incorporated to offer advanced positioning capabilities. Truly modular in design, SEDEO PRO provides a new level of functionality, comfort and design. It can be easily personalised to suit individual requirements and quickly adapted to changing needs of the user.
