## Recommended torque

| Thread size | Pitch (mm) | Max. torque (Nm) |
|-------------|------------|------------------|
| M4          | 0.7        | 3                |
| M5          | 0.8        | 6                |
| M6          | 1          | 10               |
| M8          | 1.25       | 25               |

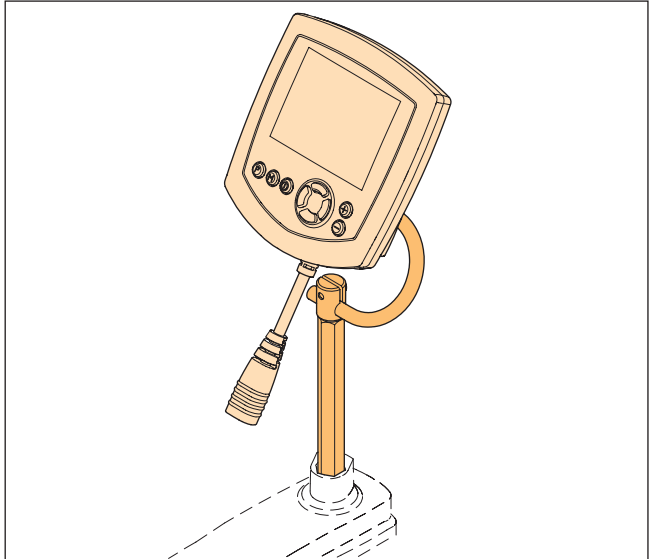

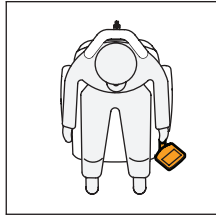

The minimum torque values are 7-9% below the maximum values

## INNHold

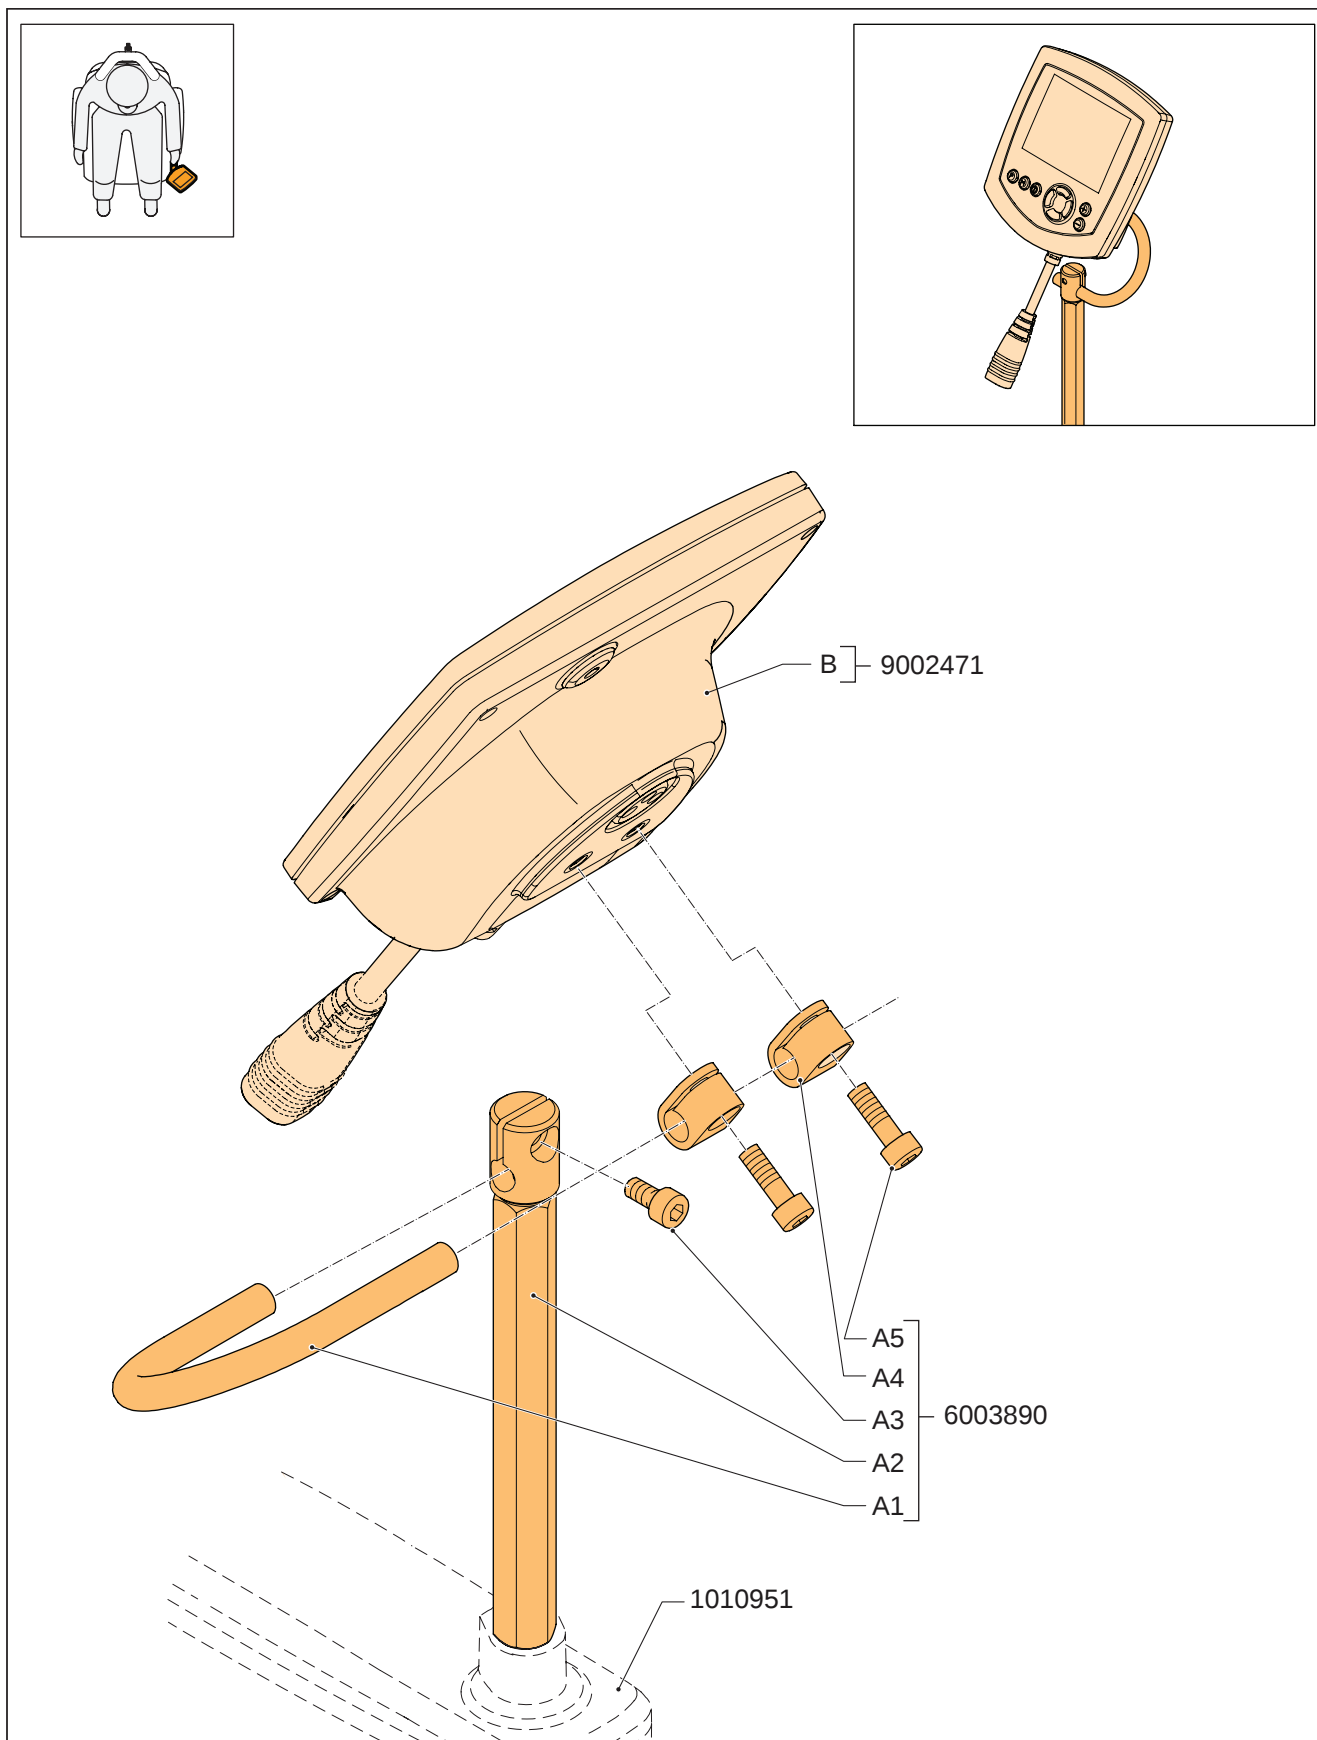

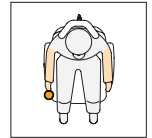

## 1.1 Omni

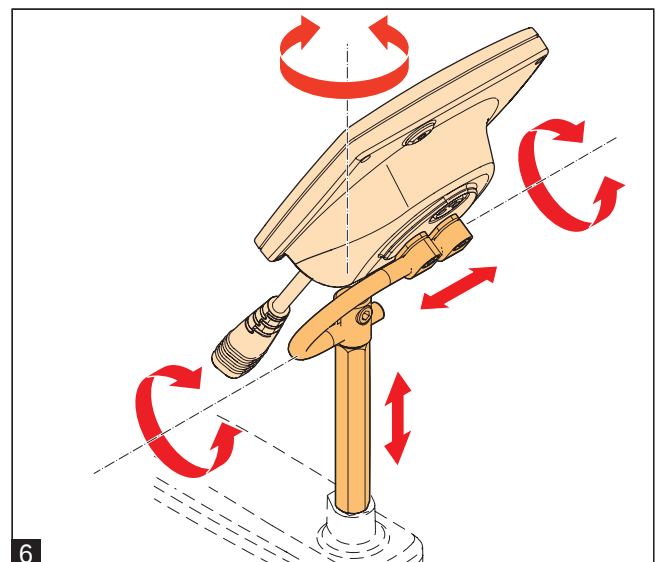

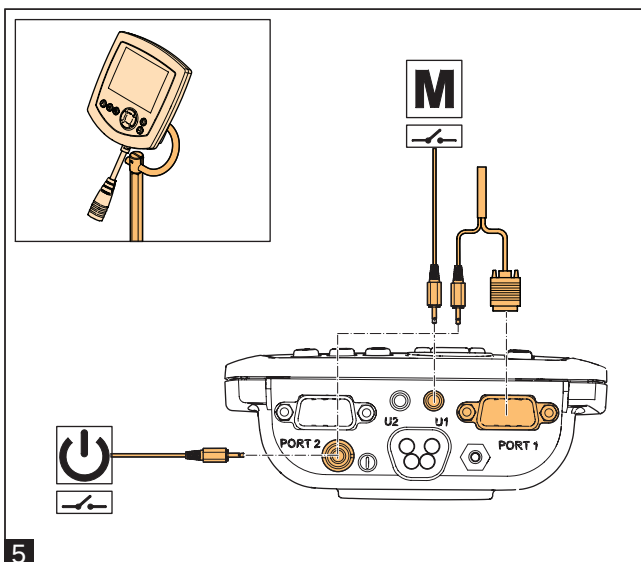

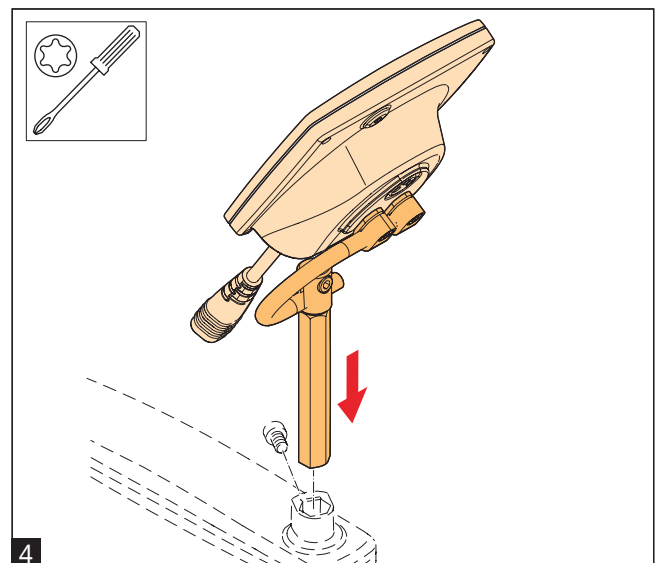

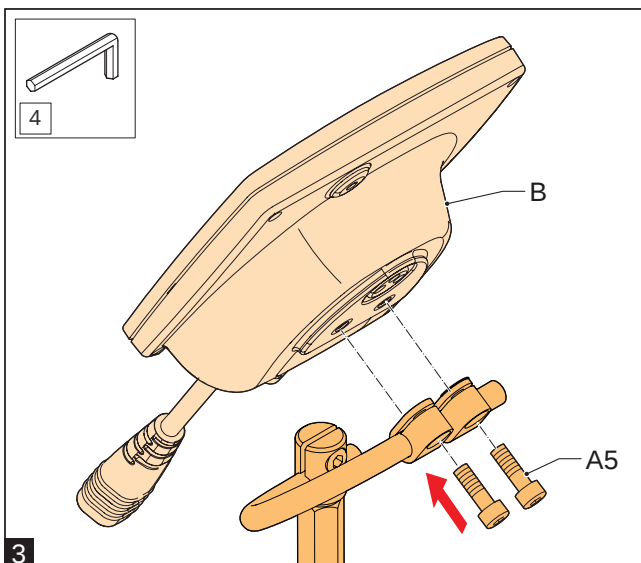

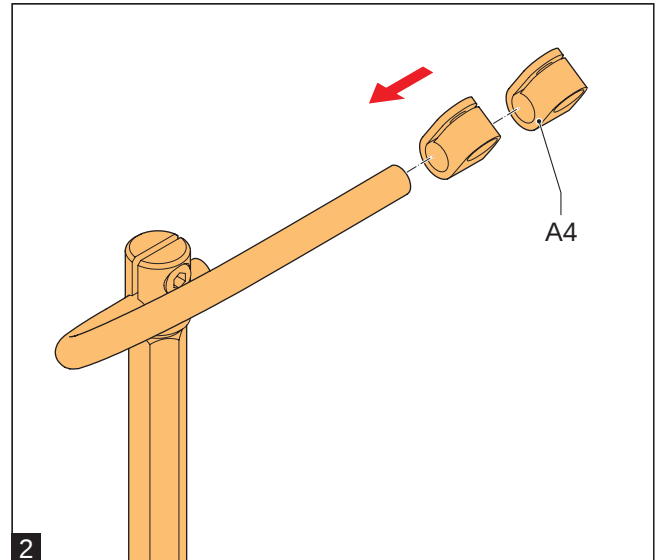

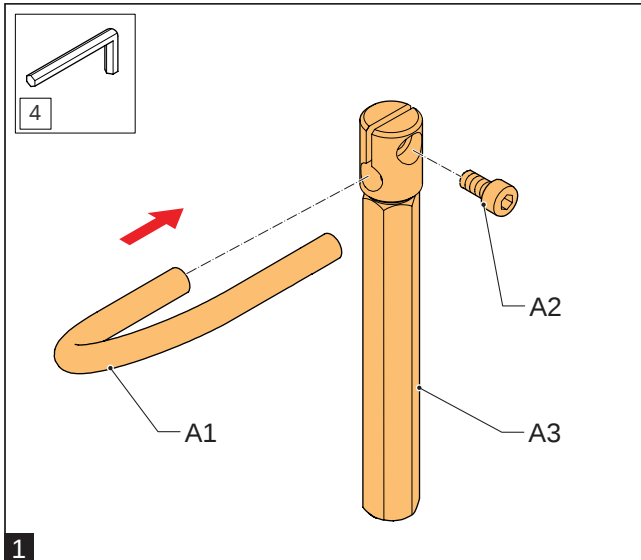

## 1.1.1 Omni (parts)

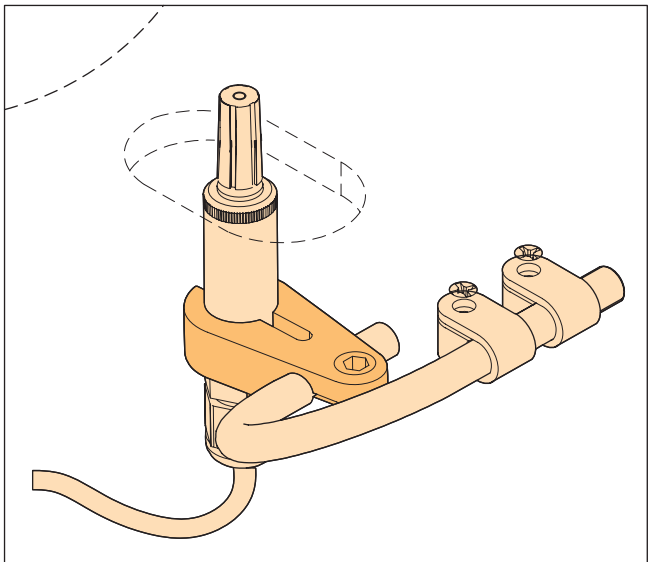

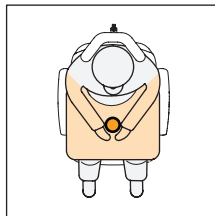

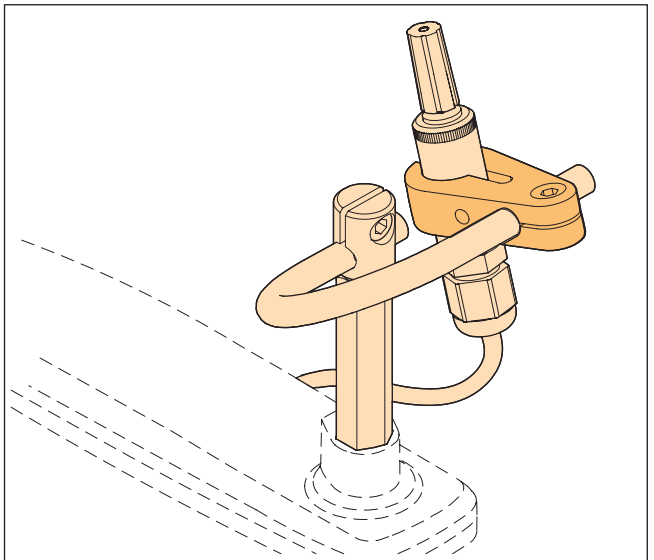

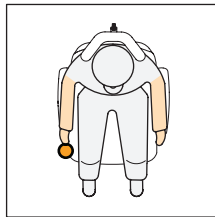

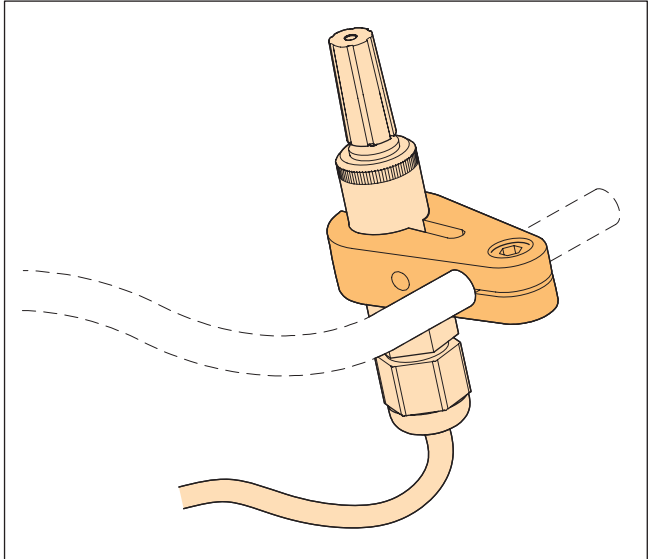

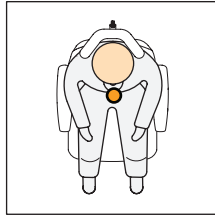

## 1.1.2 Omni (assembly)

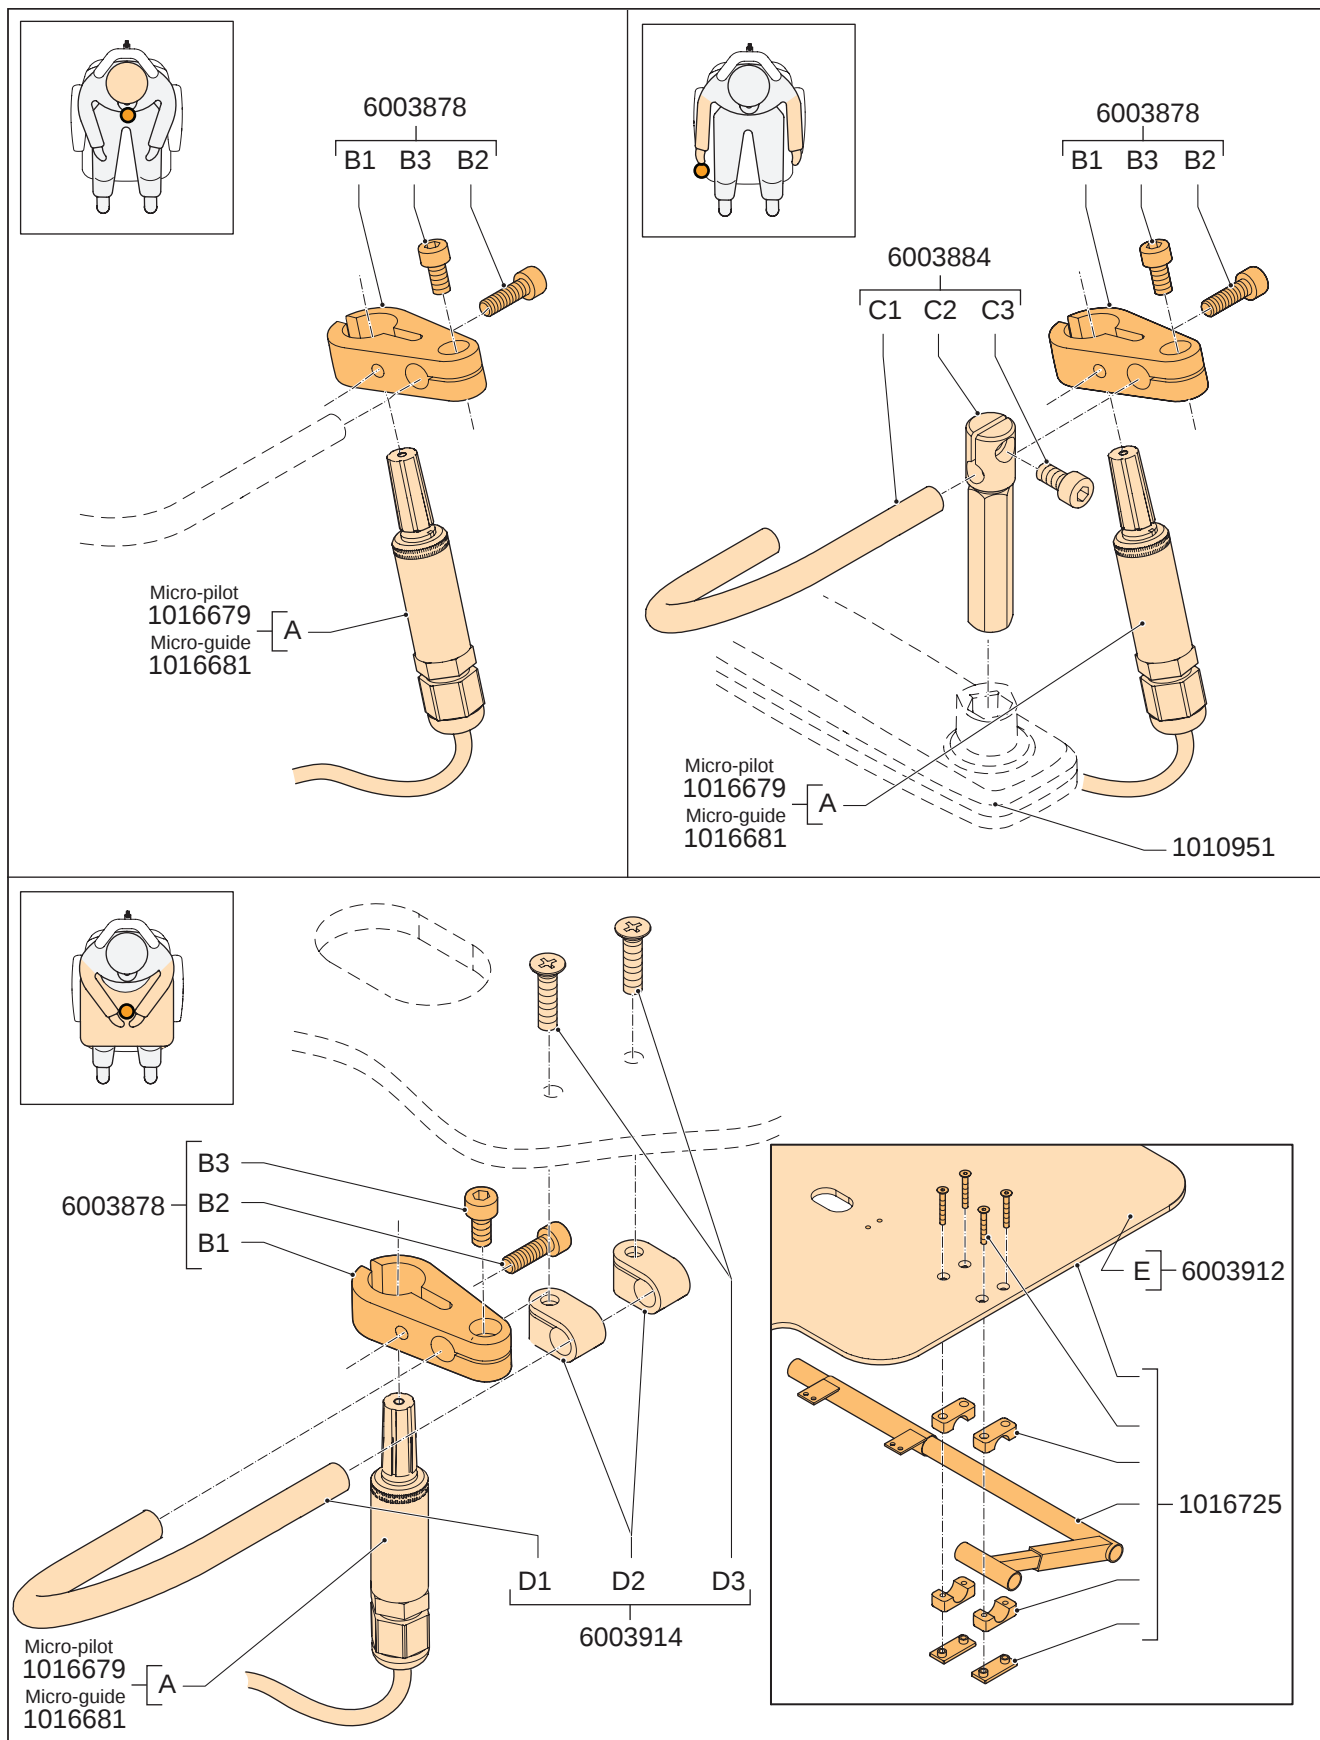

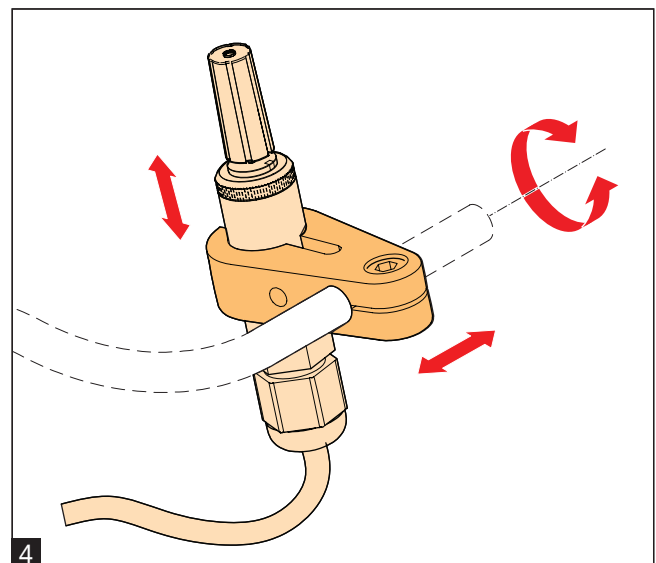

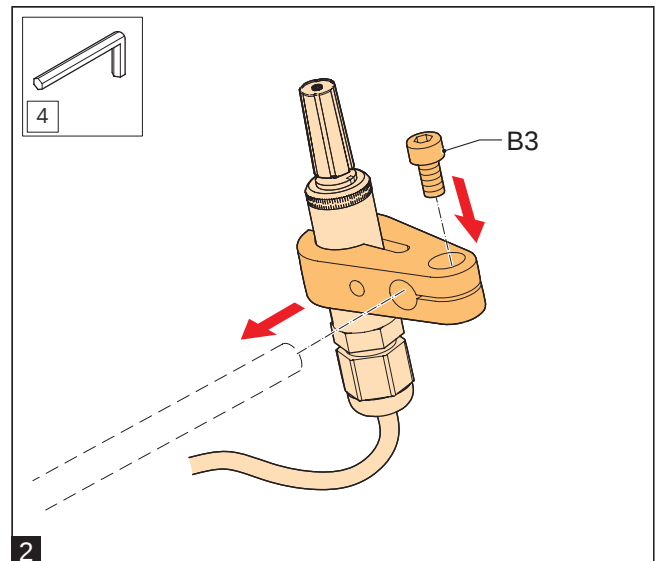

## 2.1 Micro-pilot / Micro-guide Joystick

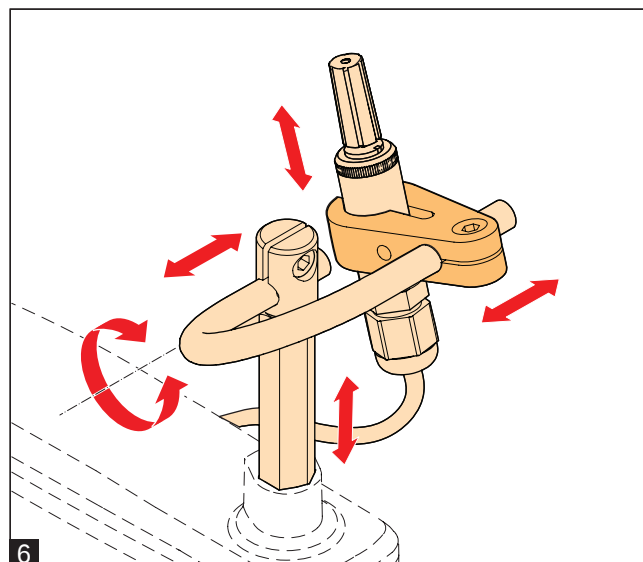

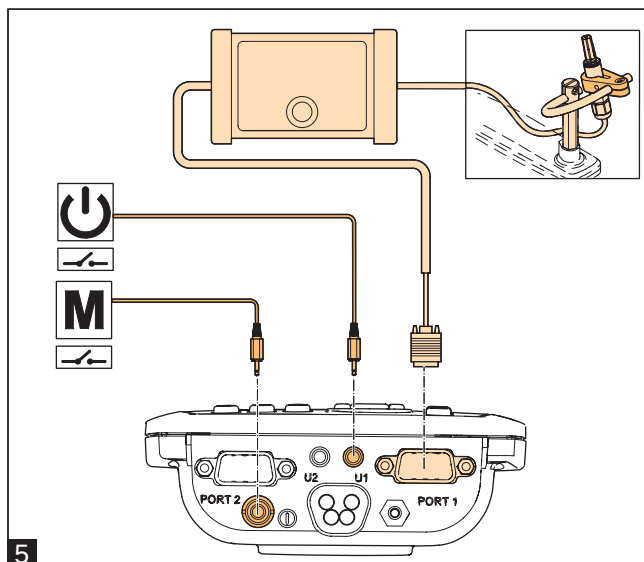

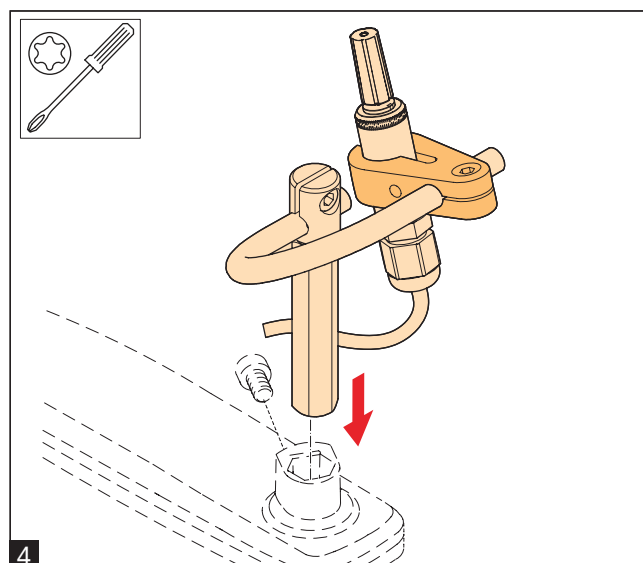

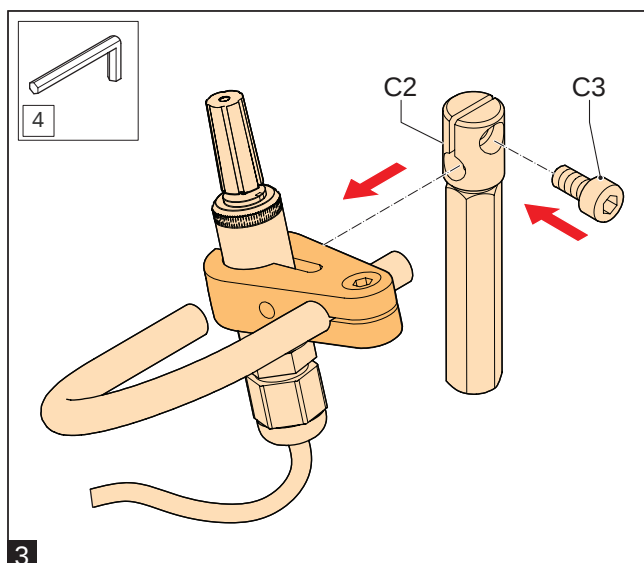

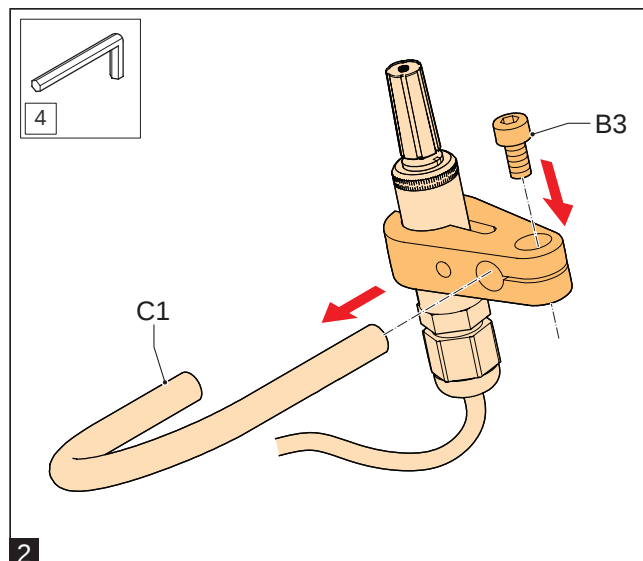

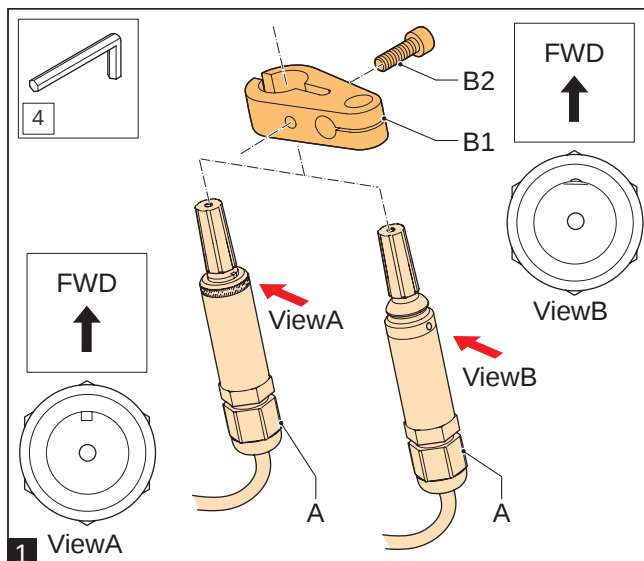

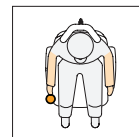

## 2.1.1 Micro-pilot / Micro-guide Joystick (parts)
