ANODISED PARTS

CREATE YOUR OWN STYLISH LOOK WITH THE COLOURED CASTOR FORKS AND FRONT WHEELS

The ultra-lightweight Carbotecture front forks are available in five stylish colours: silver, blue, red, orange and black, and can be combined with anodised front wheels in the same colour!

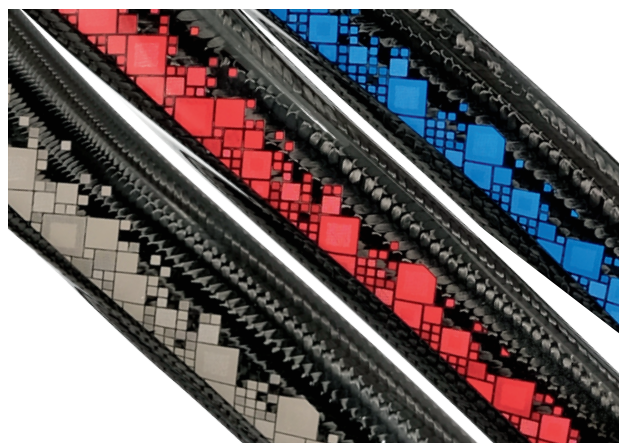

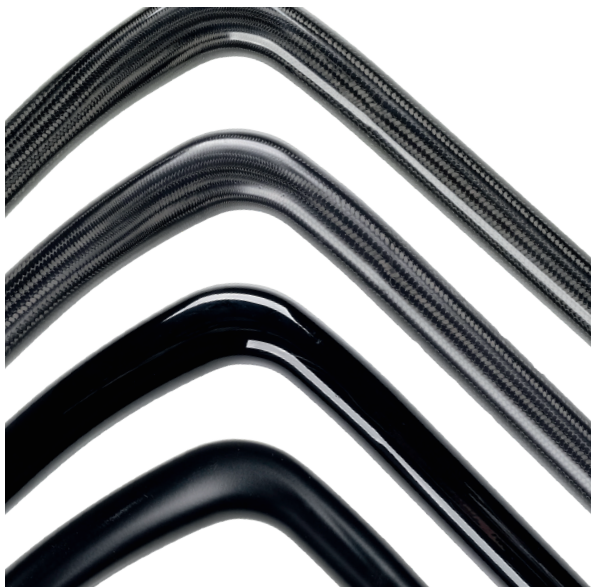

Light-up casters

Be seen in the dark, see where you are going in the dark or just be trendy! Each wheel has 3 colours of lights, blue, red & white. These lights work on the principle of a miniature alternator that converts the rotary motion of the wheel into power that lights the LEDs.

KRYPTON R&F

choose Transparent coating (gloss or matt) or go for uncoated, „natural“ carbon.

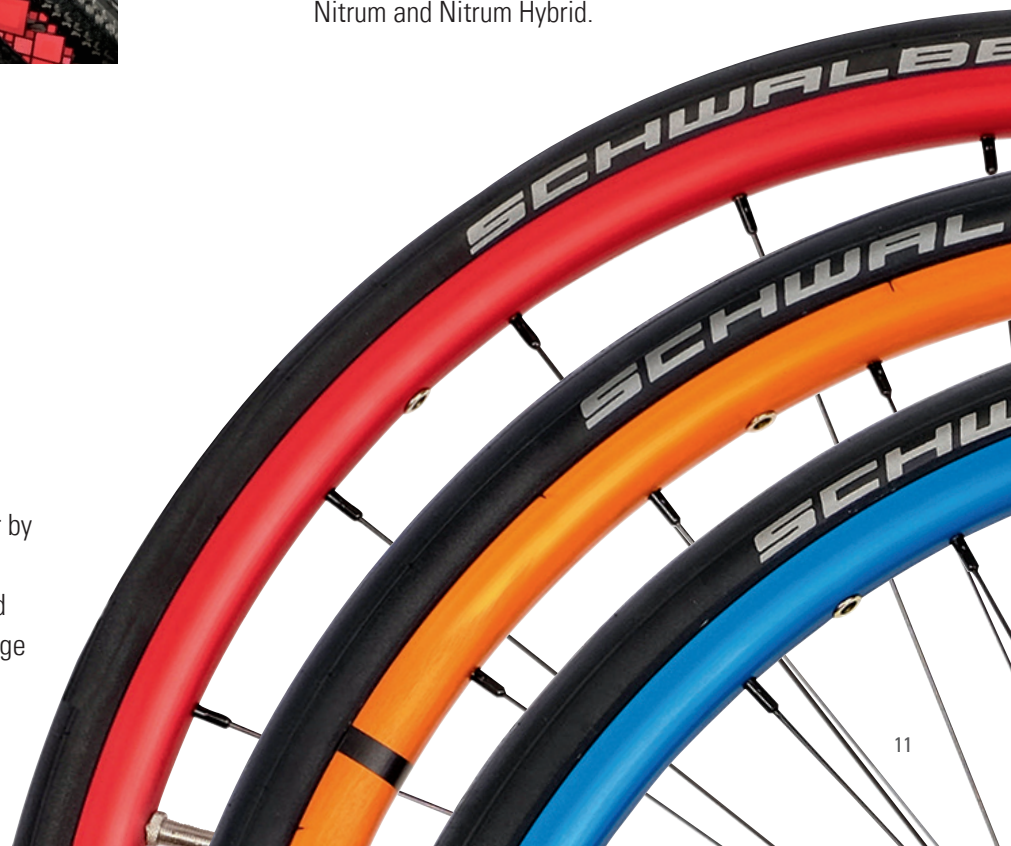

CREATE YOUR OWN STYLISH LOOK WITH FRAME GRAPHICS

The 'flying pixels' design is available on the Krypton R&F in red, blue and silver, or the 'floating dots' design available in black, matt black, red, silver, orange and blue on the Nitrum and Nitrum Hybrid.

COMPLETE THE STYLE

Accentuate your colour scheme further by matching the rim and hub of your lightweight rear wheel with 3 anodized colour selections, available in red orange and blue.

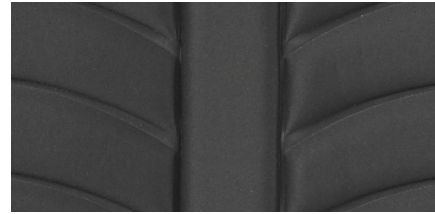

COVER COLOURS AND FABRICS

COMFORTABLE AND STYLISH

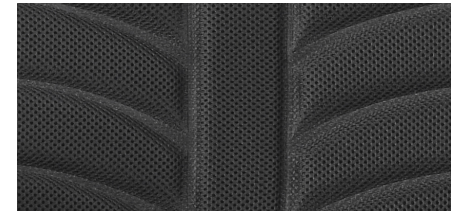

BACK LINING

The back upholstery is stretchable and available in nylon (EXO Evo) and breathable (EXO Evo Pro).

The back lining has two storage compartments, one of which can be closed with a zip. Furthermore, it is possible to choose 5 colour accents, namely black, silver, orange, blue and red.

EXO Evo

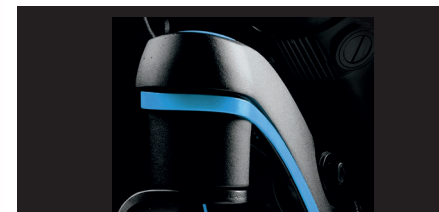

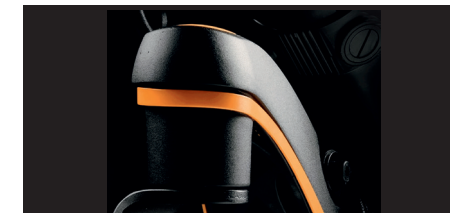

EXO Evo Pro

Q-SERIES COLOUR OPTIONS

DISTINGUISHED STYLE

7* striking accent colours to perfectly complement the matt black bodywork. Fancy a change? Then simply replace the coloured inserts, styling your powered wheelchair has never been so simple.

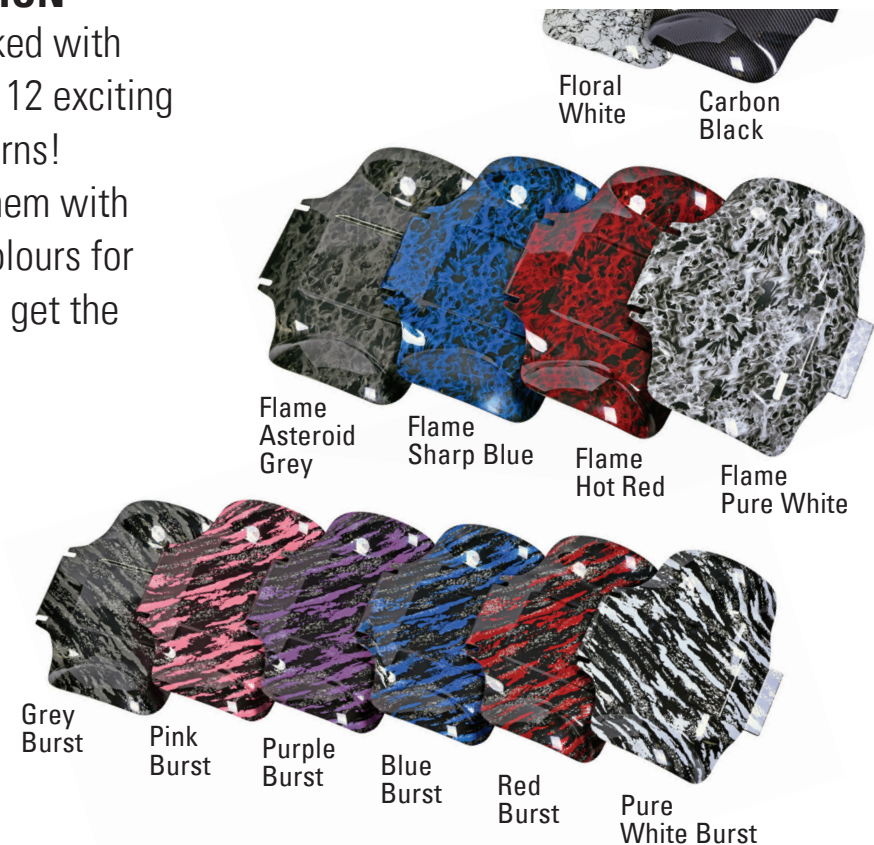

* The colour silver is not available in combination with the SEDEO ERGO and SEDEO ERGO UP seating system.

The Q400 is available with accent colours    

Q300 M MINI COLOUR OPTIONS

EASY PERSONALISATION

The Q300 M Mini is packed with colour options, including 12 exciting new shroud design patterns! Coordinate or contrast them with an additional 7 accent colours for the wheel and castors to get the perfect mix.

ACCENT:

EMPULSE F55 COLOUR OPTIONS

Individualisation made easy with the easy-to-change colour kits for fender and sidebars: black, blue, red and orange are all included as standard and can be changed quickly.

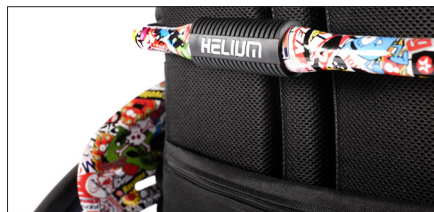

BUILT-4-ME

Paint your personality by adding a splash of colour to your castor forks and wheels, handrims, cross frame and so much more, fun way to add more individuality to your wheelchair.

Need some inspiration? Check out some colour examples of some of the work we have done, go ahead and imagine!

Centre of gravity adjustment in Orange (Xenon).

Design your own spokeguard from a photo or drawing.

Add some colour to your Spinergy wheels - in any combination you like!
