J3 Backrest Range:

Complete backrest package for clients up to 225 kg user weight (depending on hardware). Universal one point fixation for rapid application. Easily adjustable for assessment & changing needs. Wide range of positioning and transfer options. Backs and options fully transit tested. Positioning components: 1 Large & 1 small lumbar included in MT, UT & SH box; 1 small lumbar in LT box.

Clinical Applications:

For all clients requiring postural back support from mild lateral stability to extreme lateral and posterior stability. Full range of postural back shapes to cover clinical back support at the appropriate backrest height for the user. Adjustable in depth, height, angle and chair width, ensuring rapid and comprehensive client positioning and spine alignment.

Overview: Jay J3 Back Range - for detailed information and product selection see the following pages
