

EXTRA POWER FOR YOUR WHEELCHAIR

HIGH
PERFORMANCE

EXPLORE LIKE NEVER BEFORE

WOR

YOUR PERFECT COMPANION EITHER IN THE COUNTRYSIDE OR IN THE CITY

PLACES THAT USED TO BE OUT OF REACH

Smartly designed to provide you that extra bit independence and carelessness, the Empulse F55, as a new member of our e-mobility family, allows you to extend your personal range, to save your strength and to experience pure driving pleasure.

Ultra-compact and easy to dock so you can upgrade your wheelchair with that extra power whenever it is needed. The ideal solution when you don't want to use your car and for a more environmentally friendly solution – or if you just want to have fun.

ENJOY THE RIDE

HAVE
FUN

GOES WHEREVER YOU WANT TO GO

Life in the city is dynamic and vibrant. Keep up with it, enjoy mobility and flexibility. Narrow lifts, narrow streets, narrow corridors in the supermarket? No big deal thanks to a super small turning circle.

Activate the cruise control and do not care about using the throttle lever all the time. The Empulse F55 will hold the selected speed for more easing for you. You would like to be a little further away? No worries, the IATA certified battery simplifies your travelling.

With the Empulse F55 you can make your way and focus on the essentials. Meeting your friends at the cafe, for example.

MOBILITY HAS NEVER BEEN SO EASY

A man in a light blue shirt and dark pants is riding a motorized wheelchair on a gravel path. The wheelchair has a large battery pack on the back and a motor. The background shows a clear sky and some greenery.

The powerful brushless electric motor and the optimised traction will help you tackle almost every terrain.

**NO
LIMITS**

POWERBANK

8.1 Ah capacity Li-Ion battery for up to 25 km of range and with an intelligent battery management system for improved charging cycles and lifetime.

DISPLAY

Full control with the easy to read display: speed mode, trip distance, total distance, battery condition, power consumption.

TRACTION

Is what matters most on steep uphill sections. The fully adjustable Empulse F55 lets you adjust weight balance and optimise traction.

RIDE COMFORTABLY

On-the-fly adjustability for the position of the handlebar.

LIGHTS YOUR PATH

LED front light is a standard option on the Empulse F55.

IT'S UP TO YOU

Whether you want to manoeuvre your Empulse F55 through the urban jungle with the 8,5" wheel or enjoy the increased ride comfort of a 14" wheel.

UNSTOPPABLE – UNLESS YOU WANT TO

Two independent brake systems for increased safety: non-wearing electric brake or powerful disc brake.

**AT YOUR SIDE
WHENEVER IT
MATTERS –
OUT OF THE WAY
WHENEVER
YOU WANT IT**

**YOU'RE JUST A FEW SE-
CONDS AWAY ...**

... from your urban and outdoor adventures: With the easy-to-use docking-mechanism, your Empulse F55 can be docked to all types of wheelchairs and within seconds and becomes a powerful companion in your daily life.

Drive wheel 8.5", solid tyre,
docking for fixed-front wheelchairs

Drive wheel 14", pneumatic tyre,
docking for fixed-front wheelchairs

Drive wheel 8.5", solid tyre, docking for
swing-away wheelchairs with longer sub
frame tubes and swannecked steering tube

OUT YOU GO

Thanks to the flip up sub frame, the Empulse F55's pack size can be minimised within seconds: flip the frame, insert the steering tube and you will get a handy package that can be stowed away easily. If necessary, the sub frame can even be fully detached.

SHOW YOUR COLOURS

FOR
FREE

Individualisation made easy with the easy-to-change colour kits for fender and sidebars: black, blue, red and orange come as standard and can be changed quickly.
