Product Group:	QUICKIE		
Model Affected:	All R-Net Powerchairs		
Effective Date: See Below	Serial No. Effective From:	N/A	
Bulletin Subject:	MicroGuide and MicroPilot Joystick Knobs		

As part of our continuous improvement programme, with immediate effect we have updated the kit for the MicroGuide and MicroPilot joystick knobs.

The previous kits were dedicated for each joystick type, with a separate part number for either the MicroGuide or the MicroPilot kit.

We have now updated the new kit to contain both adapter parts as well as the 2 joystick knobs. Therefore you can now order a single kit for both joystick types, reducing order complexity.

- Old Part Numbers:
21011099 – Switch It Cap Kit (MicroPilot)
21011104 – Switch It Cap Kit (MicroGuide)
- New Part Number:
129436 – Switch It Cap Kit for MicroGuide/MicroPilot

For any queries on any of these updates please contact your local Area Sales Manager.
