BULLETIN NO.:

TB UK162

DATE ISSUED

14/06/2021

BULLETIN DETAILS

Product Group:	Sport		
Model Affected:	Shark RS		
Effective Date: See Below	Serial No. Effective From:	N/A	
Bulletin Subject:	New Makrolon chain protection for the Shark RS		

As part of our continuous improvement program, we are updating the chain protection on the Shark RS. This is driven by UCI (Union Cycliste Internationale) regulations.

As of the 12th August 2021, the chain protection will be updated to a high-strength clear Makrolon which will replace the current carbon protection.

This will provide a number of benefits for the user:

Visibility

As Makrolon has a glass-like transparency, visibility to the front is improved

Racing

The Shark RS remains compliant for all races under UCI-regulations

Weight

Carbon = 70g, Makrolon = 104kg

Spare parts will be updated in accordance

For any queries on any of these updates please contact your local Area Sales Manager.
