

BULLETIN DETAILS

Product Group:	Adult Manual Wheelchairs	
Model Affected:	Krypton R, Krypton F & Xenon2 FF	
Effective Date: See Below	Serial No. Effective From:	N/A
Bulletin Subject:	Lightweight Compact EVO on Manual Chairs	

As already announced in TB 0661 (Compact Brake EVO) in January 2021, all adult manual chairs have been converted to the new compact wheel-lock EVO.

We are now introducing the NEW lightweight compact wheel-locks EVO (as already used on the Nitrum).

This new and improved design consists of reinforced bi-lateral housing that has less play and improved durability. It also provides improved brake-force and handling and keeps locked when moving the wheel.

The lightweight compact EVO brake is now available on the Krypton R, Krypton F and Xenon2 FF, and can be selected on the online configurator:

Compact brake
lightweight EVO

Old: 060004 lightweight compact wheel-lock

New: 060024 lightweight compact wheel-lock EVO

The lightweight compact EVO wheel-lock can also be ordered as a spare part:

66006100-100 – compact brake EVO lightweight, back mount, cpl. Incl. fitting accessories, pair

66006100-200 – compact brake EVO lightweight, front mount, cpl. Incl. fitting accessories, pair

66006200-100 – compact brake EVO lightweight, mid mount, cpl. Incl. fitting accessories, pair

For any queries on any of these updates please contact your local Area Sales Manager.
