TB UK183

DATE ISSUED

1/12/2021

BULLETIN DETAILS

Product Group:	Breezy		
Model Affected:	BasiX ² , RubiX ² , RelaX ²		
Effective Date: See Below	Serial No. Effective From:	N/A	
Bulletin Subject:	Introducing New Softer Solid Tyres For XFamily Range		

At Sunrise Medical we are committed to our continuous development programme. Our new update is focused on product performance which has been generated from customer feedback. To demonstrate this we are introducing solid tyre update for the Xfamily Wheelchairs (BasiX², RubiX², RelaX²).

Solid Tyre

Softer Solid Tyres

By reducing the hardness of the 22"/24" solid tyre by 10 shore ensures improvement in the braking performance and lowers operating forces. The softer compound of the solid tyre supports easier engagement of the wheel locks. The new solid tyre will be available for the Xfamily from **1st January 2022**.

For any queries on any of these updates please contact your local Area Sales Manager.
