# ELEVATE AND *DRIVE* WITH C-ME

Say goodbye to waiting around or driving at reduced speed when elevated. With C-Me, you can **raise** up to 300mm and **drive** up to **4.8kph** all at the same time! Now you can drive at eye-level all with a touch of a button, no need to stop!

## REACH NEW HEIGHTS

Fed up of straining for everyday items that are physically out of reach? Whether it's cookery ingredients from the top of the pantry or the last item on the shelf at the supermarket, C-Me empowers you to perform those everyday tasks safely and without assistance when elevated.

## DONT GET LOST IN THE CROWD

Rise up and keep within earshot of the conversation. Be at eye-level with your peers at work without straining to look up. Or simply chat shoulder-to-shoulder with friends at the bar. C-Me removes those social barriers and ensures that you're never lost in the crowd again.

## C-ME LOOKS OUT FOR YOU TOO

Off out? From a packed concert to crossing a busy road, C-Me ensures that you're kept head and shoulders above the crowd. Not only can you see, but you can be seen too!

# ELEVATE AND DRIVE IN *COMFORT*

Unlike other options C-Me Technology keeps an **active suspension** whilst driving in full lift. So you get the same smooth and stable ride regardless of seat level.

### TIRED OF BEING UNCOMFORTABLE?

With C-Me technology you won't feel a bump in the road. That's due to the suspension remaining active while in lift, meaning you can carry drive and carry on with your life while comfortable no matter the seat position.

### LIFT & DRIVE WITHOUT RESTRICTION

With active suspension in lift, you can easily overcome thresholds without hassle, meaning unlike other options you no longer need to descend every time you are faced with a small obstacle.

### RIDE WITH CONFIDENCE

C-Me has been tested to all industry standards to ensure your safety no matter the seat height. Leaving you to be able to drive with confidence regardless of your seated position.

# ELEVATE AT THE TOUCH OF A BUTTON

Fed up of waiting around while your chair lifts?  
With QUICKIE's **patented** assignable buttons you no longer need to!

Unlike any other chair you can simply rise at the touch of a button without waiting around needed, you can even do it while driving. Leaving you to **live without limits!**

## SIMPLY PRESS A BUTTON, RISE & DRIVE

We aren't all the same, that's why you can choose any button on your controller to activate the lift. Or simply add in an extra switch button or our 5 switch control box for easier activation.

# CHOOSE YOUR BASE & SEAT

C-Me is available on all our drive wheel types and different seating systems (Kids, Teens, SEDEO LITE, SEDEO PRO and SEDEO ERGO) of the QUICKIE Q-series products from Q300 up to Q700.
