MANUAL WHEELCHAIRS

QUICKIE M6[®] FOLDING

Key Features and Specifications:

- The M6 is a folding wheelchair designed for maximum load capacity and reliability
- Numerous adjustment options offer the user individual comfort
- Seat width 550 - 670 mm
- Seat depth 450 - 550 mm
- Seat height 430 - 500 mm
- Weight with legrests 24 kg

HIGH
STRENGTH
FRAME

295 kg

High-Strength Frame

The M6's frame features high strength steel for increased wheelchair durability.

Locking Crossbrace and Stabiliser Bar

The M6 utilizes a double locking crossbrace and stabiliser bar to minimise frame flex and create a more rigid ride quality. This ensures that more energy transfers directly from your arms or feet to the axles for the most efficient propulsion.

MANUAL WHEELCHAIRS

QUICKIE IRIS TILT-IN-SPACE
