(1) Wheelchair order on separate order form. Separate shipment of wheelchair and StreetJet.

(2) Always check installation space for the docking clamps before ordering. Depending on configuration and option, a particular configuration of a chair might not offer enough space.

(3) Always check combination agreements for non-Sunrise wheelchairs.

(4) Frame width measured from inside frame tube to inside frame tube at the mounting position. Use only the measured dimension and not the seat width to check compatibility.

(5) Check your local laws and regulations for max. permitted speed in your country. Speed-settings > 6 km/h can only be ordered via Fax with a signed waiver (next page). Max. speed-settings can only be altered by Sunrise Medical.

(6) Always check in advance with your airline carrier for specific battery requirements.

(7) Not available with STE000099 quad controls
